SUPPLEMENT TO REPORT NO. 25X1X

1. The Ivo Lucic Lavevic military construction enterprise of Split has placed the headquarters of its Fourth Branch in Trogir headed by the chief of the branch, Engineer Soda. The Branch has three building areas, one of which is the Mosor shipyard on the Island of Ciovo.
2. The new shipyard is being built on the western cape of Ciovo; the construction project was begun in 1949. In October 1949, 250 meters of coast were built, and the construction of "kaladas" was being finished. At the end of 1950, this new shipyard had not yet begun to operate, although it was meant to be ready by the beginning of 1950. In October 1950 the following had been completed:
  - a. the large hall with the workshop, which has been erected on the western cape of Ciovo.
  - b. the road leading from the old shipyard, across the bridge and connecting Trogir with Ciovo Island, which reaches the new shipyard.
